Regulation reference
UK Regulation (EU) 2018/1139 (The Basic Regulation) <i>{Include here reference to any applicable UK ATM Interoperability Regulations complied with, for example Surveillance Performance and Interoperability (EU) 1207/2011}</i>
Name & address of ANSP
<i>{ANSP Name}</i> <i>ANSP Certificate Number</i> <i>ANSP Address</i> <i>Unit address where the system is to be operated if different}.</i>
Brief description of the system
<i>{Provide a high-level description of the service or system. Include sufficient information to give the (CAA) an understanding of the function, scope, extent and configuration of the system and the Services provided.</i> <i>Services should be described at the level of:</i> <ul style="list-style-type: none">• <i>SRA</i>• <i>VHF Air Ground Communications</i>• <i>Category III ILS.</i> <i>The above list is an example and is not exhaustive}.</i> <i>{This is intended to be high-level, a more complete description will be included in the Technical File}</i>

SRG1430 Reference Number and Description of Change

SRG1430 *{Number}*

{Provide a high-level description of the change}

Verification Procedure for the system

The ANSP has verified compliance to the relevant Essential Requirements and Interoperability Regulations with reference to supporting evidence such as compliance with the applicable ICAO requirements, CAP 670, and other recognised technical documents including Eurocontrol and Eurocae standards.

The evidence covers:

- overall design
- development and integration of the system, including in particular constituent assembly and overall adjustments,
- operational system integration,
- specific system maintenance provisions if applicable.

The detail addressing the above is contained in the TF

Or

{A Notified Body has carried out the verification procedure}.

Name & Address of Notified Body

{Provide Name and Full Address of the Interoperability Notified Body involved in the verification procedure and the Certificate of Conformance issued by that Notified Body for the system.

Or

State “No Interoperability Notified Body has been involved in the verification procedure”.

Relevant temporary or definitive provisions to be complied with by the system

The system will comply with definitive provisions described in the Air Navigation Order Article [xxx] Approval *{and with the definitive provision described in the Wireless Telegraphy Act Licence in the case of radio transmitting equipment}*.

State any operating restrictions or conditions

{Where relevant state any operating restrictions or conditions – those conditions necessary for operation or necessary operational limitations}.

Identification of signatory

{State the name and role of the individual signing the Record of Verification on behalf of the ANSP/Unit}.
{Name}.
{Position in the company}.

Signed: **Date:**
