Subject: [External] Airspace modernisation: Consultation on draft guidance for the UK Airspace Design and Coordination Services
Date: 14 January 2026 14:29:10

Good afternoon,

I am aware that the above consultation closed on 12th January but due to the quick turnaround following the festive season, I would be grateful if you could consider the below as Andy's submission in response to the consultation.

'I believe that there should be explicit local community and environmental organisation representation on the Advisory Board. There should also be specific clauses in the terms of reference to the environmental impacts that arise from aircraft operations.'

'I would like to make it clear that I do not support the removal of the public engagement exercise and would like to see overflowed communities provided with relevant and clear information as soon as possible as airspace change proposals develop.'

Best wishes,

Office of Andy Slaughter
Labour MP for Hammersmith and Chiswick
